

Keep your memories safe

Support your brain health with ReMind

The all-natural ReMind formula delivers a targeted dose of

- Omega-3 fatty acids
- Carotenoids
- Vitamin E

directly to your brain to improve and protect its function.

It is estimated that there will be 2,000,000 dementia sufferers in the UK by 2045.*

“
This supplement formulation should be used as part of the overall management of Alzheimer’s disease.

Professor John Nolan, Nutrition Research Centre Ireland

”

 **ReMind**

Food supplements should not be used as a substitute for a varied and healthy diet.
